

Freddie Scheier

To our most wonderful Freddie. From the moment you arrived into our lives, as a small kitten two months old, to the day that we took the hardest decision of our lives to let you go only a day ago well into your 16th year...

THANK YOU my darling for all the love, fun, purrs, lap sitting, couch sitting, grooming, licks... and the list goes on and on...

We miss you already so much and the emptiness in the house is tangible..but we couldn't see you suffer anymore and as much as we wanted to have you here for ever and ever, your eyes said it all.

We love you, I love you..Keep well my darling and see you later at Rainbow Bridge.

Always and Forever
