Alfie Mack

Alfie boy, thank you for all the good times you gave us.
You meant the world to us and we can't understand why
you were taken so suddenly

We will miss you forever, the house is not
the same without you
Annie is heart broken after the four loving years
you had together with her

We love you Bigboy and always will

Love Annie, Daddy, Mummy and Aaliyah
You will be in our hearts forever
