To Our Darling Pheobe

Our hearts are breaking for you.

We can't imagine life without you.
After 16 years you are always going to be in Mummy's and Daddy's hearts and thoughts.

Where ever we go you will be with us 24/7. We have had wonderful 16 years with you. Poor Dolly is going to miss her big sister – no one to share basket with.

I will always have your stall here you will always be my sunshine.

RIP my darling and we love you with all our hearts
