Ollie Phillips

2001 - 2015

To my best friend Ollie

Where do I begin.... Never did I think I could love someone so unconditionally, but then you came along and changed everything. With your beautiful loving eyes and your loyal and quirky personality you brightened up our lives. The house is no longer the same, you really where the sunshine of our lives.

You were always my favourite Hello and definitely my hardest Goodbye. It's time to rest your little body, now you can have fun chasing postmen over the rainbow bridge!!

Thank you for choosing us Ollie, we had the best 14 years.
Love you with all our hearts,

Mummy, Daddy, Robert and Your Sister Sammy Girl
