My Dearest Darling Beloved Odin - Imbali Chomoza

You were born a beautiful handsome Rhodesian Ridgeback
and you passed away a true gentleman.
I cannot begin to put into words how much you mean to me,
the love I have for you.
I was given the greatest gift of you on 03.03.2003 and I'm so lucky and grateful to have been blessed with such a beautiful gentle soul.
You have given me the most wondrous 12 years and 8 months.
I will cherish every moment, every memory and you will be in my thoughts every moment of every day. You will remain locked in my heart for eternity and I cherish our time together. I wish you didn't have to leave me but I thank you for staying with me as long as you could and choosing the time to go in my arms.
I miss you so much and always will, but I take comfort knowing you are free to run and play like you used to with all the other angels.

You caught my tears and comforted me when I was ever sad.
You made me smile and laugh until my sides hurt.
You sat with me and laid by my side and made me feel so safe, protected and loved.
My sunshine and joy doesn't come from the skies it comes from the love in your eyes, because you were made of pure love, all heart and I thank you Odin for everything and for loving me and being with me through good and difficult times.

Rest in peace my beautiful boy until we meet again
and can run and walk and play like we used to.
Please always watch over me and let me know you are there.
I love you Odin with all my heart,
body and soul forever and always your Mummy
