Elvis

Our Little Boy Elvis.

May your journey be a good one. May you find lots of angels to guide you on your way as one day we will join you. But until then please know Priscilla misses you like mad and so do Lee and I.

We will always remember when you came to us as a baby and the years of love and laughter you have given everyone.

Until we meet up again, sleep well our Boy Boy.

We love you with all out hearts to the moon and back.

Night Night, God Bless

All our love Lee, Chris and Priscilla
