Elvis

Our Elvis.

You have been loved for many years but your tired old bones could no longer carry you. So we asked God to take you in his arms and guide you up to the light in the sky.

God Bless you and keep you.

You left a big hole in our hearts which no one will ever fill.

Priscilla misses you like crazy so much.
She carries around your Teddy Girl.

We love you Boy Boy with all our hearts.

Night Night, God Bless until we see you again.

Love from Lee, Chris and Priscilla
