# To my beautiful Russian Blue

# Oscar

The most wonderful, affectionate,
cheeky and good natured boy anyone could hope for.

Taken too young at 11 by kidney disease.
You will forever be in my heart and I miss you everyday.
Your illness was so quick,
my only comfort is knowing I did all I could for you &
kept you purring for as long as I could.

You brought so much joy to everyone who met you, our home just isn't the same without your beautiful presence.
