Dolly

My darling Dolly...our time together was cut short but I will always cherish the 7 amazing years we had together.
Especially during lockdown.
You made lockdown that little bit better.
Your cuddles, your naughtiness and your character.
You were an incredible little dog Dolly.
You were my little bestie...never far from my side.
I'm a bit lost without you. So is Betsy. She's pining for you.
Your sister misses you so much as do I, Chris, Katie and Isla.
I'm so sorry we couldn't help you get better and I hope you understand why we let you go.
My heart aches so much missing you.

Goodnight Dolly, Good Girl
