Our Darling Boy
Rocky

For 15 years you filled our lives with joy, laughter and companionship.
Always there with a waggy tail to greet us in the morning
and at the front door.

Your funny little ways..... chasing squirrels from the garden, waiting for your share of our dinners, playing with mouse on our bed, snuggling with your brother Leo
& so many more moments we cherish.
We are struggling to get through each day without you
& tears come easily.

Thank you Rockstar for coming into our lives & giving all your love to us, we will hold you in our hearts forever and a day.

Play and run free sweetheart
We will see you again one day on the rainbow bridge xx
