Tufty

With your beautiful colouring and "creme egg pigwig",
you stole my heart the minute I saw you.

I'll cherish the lovely memories of the 7 years we had together.
You brought me more happiness than you could ever know.
I only wish we'd had longer.

I battled so hard to save you but it wasn't meant to be.
You may be gone from my sight
but you will live forever in my heart.

Run free forever, my precious, gentle Tufty.
I'll never forget you.
