Zak

We were only together for a short time Zacky
but during that time you gave me so much joy and love.
I loved/love you so very much my little Boo-Boo Zacky.
How am I going to cope with loosing you?
I am so sorry I wasn't with you when you took your last breath, I know you fought so hard to stay with us.

Thankyou my darling boy for the love and for the laughter and for giving me a reason to get up every day particularly on those cold winter days. My heart is broken,
I will treasure you in my heart forever my gorgeous, funny loving Zacky. I hope you are playing and having fun in the sunshine always.

Until we meet again and I can tickle your tummy.

Love always my fur baby
