My very own Beautiful Boy dog.
We miss you my gorgeous boy so much, We are right here still where you left us that sunny peaceful day, where we had to say goodbye even though we never ever thought we would have to.
My sweetest boy it's been too long being without you but we are trying to get through. Me and Casper think of you often & we love you always my darling boy doggie Dogtanian.
What amazing adventures we had Padders, you and I, my best friend, it was always you & me, Sweetest Chops, my most faithful, loyal, wonderful boy.

As a pup you were loved by everyone, Padders, as a grown doggie you were joyful. What sunny times we shared, with Benchy Boy and then Jakey Boy. I never thought we'd be parted, Padders, I'm so sorry, my lovely boy, I never ever thought I'd lose you, Pads Sticky Stick Stick.
Us here love you now & always.

I wanted to say thank you for always doing your very best, for being so brave, for being in my life, for never leaving my side until you had to, for always accompanying me, my best friend, until the end, for being everything to me. You were "Padders, best doggie in the world" my very own beautiful boy.

You always will be sweetest Paddy.

We know you are free & happy as you always were,
in that beautiful forest glade where I said I'd come find you.
One day, one lovely sunny day, we will all be together again,
walking and laughing and singing just as we did then sweet Padders.
We will be together again, it is not goodbye it is au revoir.

Sleep peacefully until then

If we could do it all over again Padders' I would,
I'd have done anything for you.

All love forever in my heart.

Stephanie

Also much love from mum Stella, and all of Padders' much loved people friends, past and present, with whom we both spent so many happy golden lucky days.

Forever in our Hearts
